Proposed New Interest Groups

If you have ideas for establishing a group or comments about existing ones you are welcome to contact our groups convenor. For a group to run it must have someone willing to stand as convenor – this involves being a contact, and taking a lead in organising meeting dates and venues along with other members in your group.

If a limited group is full and others are interested, you may be able to initiate a second similar group, or you may have an idea for another group that you would have an interest in participating in.

Please feel free to suggest any new groups or add your name to the list of "interested" on our waiting lists.

Groups convenor is currently Margot Buick margot.buick@snap.co.nz

We currently have proposals for, or interest in, some new groups. Please contact Margot, or see Judith Hickman our membership secretary at our monthly meeting.
