Come along to play and sing with our combined Uke3A & Singalong Groups

This group is open to all U3A members who like to get together to sing and play well known songs. Some folk just come along to sing, others like to play ukes and sing. All are welcome, and there's no limit on numbers. Our aim is to see everyone go home with a song in their hearts and smile on their faces.
After each session, anyone interested may join us for coffee at a local café.
